for the most delicate interventions. Reliable  
manufacturing and perfectly adapted to the  
surgeon's hand.

# 2<sup>nd</sup> Structured India International S.O.R.G. Course

## Restoration, Rejuvenation, Reanimation and Regeneration

### Rishikesh / India, February 23<sup>rd</sup> – 24<sup>th</sup>, 2018

Strasbourg Osteosynthesis Research Group or S.O.R.G. was initiated in 1988 by Prof. Champy (Strasbourg), Prof. Pape (Cologne), Prof. Gerlach (Cologne) and Mr Leen de Zeeuw (Tuttlingen) and its present Craniofacial Section is Chaired by Prof. Peter Kessler, Maastricht, University, Netherlands.

Dear Friends,

Join us at the 2<sup>nd</sup> structured India International S.O.R.G. course on Changing Face of Facial Aesthetic & Reconstructive Surgery. Learn from our distinguished international and national multi-speciality faculty the intricacies of aesthetic & reconstructive facial surgery. Step by step teaching of complex facial procedures with a direct interaction with our distinguished faculty will enhance your learning and refresh your knowledge.

Newer technologies like 3D printing, Custom implants, strategies to achieve success in microvascular and cleft reconstruction, understanding the current strategies in facial rejuvenation, craniofacial syndromes, facial palsy reanimation and diving into the future of tissue regeneration and engineering...all this and more will be there at this popular SORG course.

Furthermore there is a hands on skull models to learn plating techniques and clinical approaches. There will also be interesting case presentations session for live debate and discussions.

We will provide a professional yet intimate atmosphere and are looking forward to welcoming you in holy city Rishikesh. Do not miss this opportunity to learn, make friends and of course experience the divinity of ganga aarty in one of India's holiest cities!
