“Medical Equipment for AIIMS, Rishikesh”

(A) Information and Conditions relating to Submission of Bids

1. The tender document containing eligibility criteria, scope of work, terms & conditions and draft agreement can be purchased from AIIMS, Rishikesh on any working day from 17/08/2016 to 08/09/2016 between 10.00 AM to 02.00 PM on payment of non refundable charges of Rs 1135/- (Rupees one thousand one hundred thirty five only) or can be downloaded from website www.aiimsrishikesh.edu.in. Those who download the tender document from Website should enclose a Demand Draft/Pay Order for Rs 1135/- (Rupees one thousand one hundred thirty five only) in favour of “AIIMS, Rishikesh”, payable at Rishikesh, not later than the date of 08/09/2016, along with their bid in the Cover-I containing “Technical Bid”.

2. The interested firms/suppliers are required to submit the Technical and Financial Bids separately in the format enclosed and they have to observe highest standard of ethics while bidding for this tender. The bids in sealed Cover-I containing “Technical Bid” and sealed Cover-II containing “Financial Bid” should be placed in a third sealed cover super scribed “Tender for Equipment for various Departments in AIIMS Rishikesh” should reach AIIMS, Rishikesh by or before 03.00 PM on 08/09/2016. The Technical bids shall be opened on same day at 03.00 PM at AIIMS, Rishikesh in presence of the bidders or their authorized representatives who choose to remain present. The Tender received after due date & time will be rejected and no claim shall be entertained whatsoever may be the reason.

3. The pre bid conference would be held on 26/08/2016 at 03.00 PM in the office of Tender Opening Room, AIIMS, Rishikesh. All firms representative who are attending the pre bid meeting, shall produce an authorization letter from their firm on the firm’s letter head. They are required to put their query in writing before the committee.

4. All the duly filled/completed pages of the tender should be given serial/page number on each page and signed by the owner of the firm or his Authorized signatory. In case the tenders are signed by the Authorized signatory, a copy of the power of attorney/authorization may be enclosed along with tender. A copy of the terms & conditions shall be signed on each page and submitted with the technical bid as token of acceptance of terms & conditions. Tender with unsigned pages/incomplete/partial/part of tender if submitted will be rejected out rightly.

5. All entries in the tender form should be typed or written by pens legible and filled clearly. If the space for furnishing information is insufficient, a separate sheet duly signed by the authorized signatory may be attached. No overwriting or cutting is permitted in the Technical Bid as well as Financial Bid unless authenticated by full signature of bidder. Any omission in filling the columns of Financial Bid form (Schedule of Rates) shall debar a tender from being considered. Rates should be filed up carefully by the tenderer. All Corrections in this schedule must be duly attested by full signature of the tenderers. The corrections made by using fluid and overwriting will not be accepted and tender would be rejected.

6. (i) The bidder shall pay the respective amount of Bid Security (EMD) as mentioned in table-I along with the Technical Bid by way of demand draft/ FD/TD/CD in favour of “AIIMS, Rishikesh” drawn on any Nationalized Bank/ Scheduled Bank and payable at Rishikesh and must be valid for (6) six month. Bids received without Earnest Money deposit (EMD) shall stand rejected and thus shall not be considered for evaluation etc at any stage. The original EMD will be put in cover-I containing Technical bid.

   a) The Public Sector Undertaking of the Central/State Govt. are exempted from furnishing Earnest Money along with tender.

   b) The firms Registered with DGS & D/SSI and any approved source of Centre/States Govt. are not exempted from furnishing Earnest Money in so far as this institute is concerned.
c) Earnest Money deposited with AIIMS, Rishikesh in connection with any other tender enquiry even if for same/similar material / Stores by the tenderer will not be considered against this tender.

(ii) EMD is required to protect the purchaser against the risk of Bidders conduct. The EMD will be forfeited if the bidder withdraws or amends its tender or impairs or derogates from the tender in any respect within the period of validity of its tender or if it comes to the notice that the information/ documents furnished in its tender is incorrect or false.

7. The bid security (EMD) without interest shall be returned to the unsuccessful bidders after finalization of contract with successful bidder.

8. Bidders are not allowed to submit more than one bid anytime during the tendering process for the same/similar tendered item else all his bids shall be cancelled thereby making him disqualified in addition to the forfeiture of the EMD.

9. The successful bidders has to execute a contract on Indian non judicial stamp paper of Rs.100/- (Rupees one hundred only) within fifteen (15) days from the date of award of this tender in his favour and also required to furnish the security deposit @ 10% of contract value in the form of FD/BG/TD/CD from any Nationalised/Schedule bank duly pledged in favour of AIIMS, Rishikesh & payable at Rishikesh only. The EMD deposited by successful bidder may be adjusted towards Security Deposit as demanded above. If the successful bidder fails to furnish the full security deposit or difference amount between Security Deposit and EMD within 15 (fifteen) days after the issue of Letter of Award of Work, his bid security (EMD) shall be forfeited and award of tender in suppliers favour automatically stands terminated at his cost & liability, unless time extension has been granted by AIIMS, Rishikesh.

10. The EMD/PBG shall be forfeited if successful bidder fails to supply the goods/equipment in stipulated time or fails to comply with any of the terms & conditions of the contract or fail to sign the contract.

11. The bid shall be valid and open for acceptance by the competent authority of AIIMS Rishikesh for a period of 180 (one hundred eighty) days from the published date of opening of the tenders and no request for any variation in quoted rates and / withdrawal of tender on any ground by bidders shall be entertained. The unilateral withdraw at any stage will cause forfeiture of EMD in addition to any remedy that the purchaser may have under the law.

12. To assist in the analysis, evaluation and computation of the bids, the Competent Authority, may ask bidders individually for clarification of their bids. The request for Clarification and the response shall be in writing but no change in the price or substance of the bid offered shall be permitted.

13. After evaluation, the work shall be awarded normally to the Agency fulfilling all the conditions of the contract and who has quoted the lowest rate as per financial bid after complying with the all the Acts / provisions stated / referred to for adherence in the tender.

14. The name of such successful bidder will be displayed on the website of the institute www.aiimsrishikesh.edu.in within 7 days from the date of execution of this tender contract by him.

15. The competent authority of AIIMS, Rishikesh reserves all rights to accept or reject any/ all tender(s) without assigning any reason. It can also impose/relax any term and condition of the tender enquiry after due discussion in pre-bid conference. This will be communicated and shown over the website of the Institute. No representation will be considered after pre-bid meeting and bidders may ensure its queries only in pre-bid meeting. AIIMS, Rishikesh also reserves the right to reject any bid which in his opinion is non-responsive or violating any of the conditions/specifications without any liability to any loss whatsoever it may cause to the bidder in the process.
16. Tender must be submitted on the prescribed Tender Form otherwise tender will be cancelled straightway.

17. The tender form is not transferable.

18. Canvassing in any form is strictly prohibited and the tenderers who are found canvassing are liable to have their tenders rejected out rightly.

19. **Tender Currencies:**

   a. The bidder supplying indigenous goods or already imported goods shall quote only in Indian Rupees. Further, imported goods to be imported and supplied by the bidder are also required to be quoted in Indian Rupees.

   b. For imported goods, if supplied directly from abroad, prices shall be quoted in any freely convertible currency say US Dollar, Euro, GBP or Yen. As regards price(s) for allied services, if any, required with the goods, the same shall be quoted in Indian Rupees only, if such services are to be performed /undertaken in India.

   c. Tenders, where prices are quoted in any other way shall be treated as non-responsive and rejected.

20. **Tender Prices:** While filling up the columns of the Financial Bid, the following aspects should be noted for compliance:

   For domestic goods or goods of foreign origin located within India, the prices in the corresponding Financial Bid shall be entered separately in the following manner:

   a. The price of the goods, quoted ex-factory/ ex-showroom/ ex-warehouse/ off-the-shelf, as applicable, including all taxes and duties like sales tax, CST/ VAT, CENVAT, Custom Duty, Excise Duty etc. already paid or payable on the components and raw material used in the manufacture or assembly of the goods quoted ex-factory etc. or on the previously imported goods of foreign origin quoted ex-showroom etc.;

   b. Any sales tax or other taxes and any duties including excise duty, which will be payable on the goods in India if the contract is awarded;

   c. Charges towards Packing & Forwarding, Inland Transportation, Insurance, Loading/Unloading and other local costs incidental to delivery of the goods to their final destination as specified in the List of Requirements and Financial Bid;

   d. The price of Incidental Services, as mentioned in List of Requirements and Financial Bid;

   e. The prices of Turnkey (if any), as mentioned in List of Requirements, Technical Specification and Financial Bid; and

   f. The price of annual CMC after warranty period, as mentioned in List of Requirements, Technical Specification and Financial Bid.

   For goods offered from abroad, the prices in the corresponding Financial Bid shall be entered separately in the following manner:

   a. The price of goods quoted FOB port of shipment, as indicated in the List of Requirements and Financial Bid;

   b. The price of goods quoted CIF port of entry in India as indicated in the List of Requirements and Financial Bid;
Tender Enquiry No. F.No.24/ Common/Group-A/142(II)/2016-RISH (ADMN)

21. Additional information and instruction on Duties and Taxes: If the Bidder desires to ask for excise duty, sales tax/CST / VAT/ CENVAT, Custom Duty, Service Tax, Works Contract Tax etc. to be paid extra, the same must be specifically stated. In the absence of any such stipulation the price will be taken inclusive of such duties and taxes and no claim for the same will be entertained later.

22. **Excise Duty:**
   
a. If reimbursement of excise duty is intended as extra over the quoted prices, the supplier must specifically say so also indicating the rate, quantum and nature of the duty applicable. In the absence of any such stipulation it will be presumed that the prices quoted are full and final and no claim on account of excise duty will be entertained after the opening of tenders.

b. If a Bidder chooses to quote a price inclusive of excise duty and also desires to be reimbursed for variation, if any, in the excise duty during the time of supply, the Bidder must clearly mention the same and also indicate the rate and quantum of excise duty included in its price. Failure to indicate all such details in clear terms may result in rejection of that tender.

c. Subject to sub clauses (i) & (ii) above, any change in excise duty upward/downward as a result of any statutory variation in excise duty taking place within contract terms shall be allowed to the extent of actual quantum of excise duty paid by the supplier. In case of downward revision in excise duty, the actual quantum of reduction of excise duty shall be reimbursed to the AIIMS Rishikesh by the supplier. All such adjustments shall include all reliefs, exemptions, rebates, concession etc. if any obtained by the supplier.

23. **Sales Tax:** - If a bidder asks for sales tax/CST / VAT/CENVAT, Service Tax and Works Contract Tax to be paid extra, the rate and nature of sales tax applicable should be shown separately. The CST / VAT/CENVAT, Service Tax and Works Contract Tax will be paid as per the rate at which it is liable to be assessed or has actually been assessed provided the transaction of sale is legally liable to sales tax/ CST / VAT/CENVAT, Service Tax and Works Contract Tax and is payable as per the terms of the contract.

24. **Octroi Duty and Local Duties & Taxes:**- Normally, goods to be supplied to Government departments against Government contracts are exempted from levy of town duty, Octroi duty, terminal tax and other levies of local bodies. However, on some occasions, the local bodies (like town body, municipal body etc.) as per their regulations allow such
exemptions only on production of certificate to this effect from the concerned Government department. Keeping this in view, the supplier shall ensure that the goods to be supplied by the supplier against the contract placed by the AIIMS, Rishikesh are exempted from levy of any such duty or tax and, wherever necessary, obtain the exemption certificate from the AIIMS, Rishikesh. However, if a local body still insists upon payment of such local duties and taxes, the same should be paid by the supplier to the local body to avoid delay in supplies and possible demurrage charges and obtain a receipt for the same. The supplier should forward the receipt obtained for such payment to the AIIMS, Rishikesh to enable the AIIMS, Rishikesh reimburse the supplier and take other necessary action in the matter.

25. **Customs Duty**: In respect of imported goods offered from abroad, the bidder shall specify the rate as well as the total amount of customs duty payable with Custom Duty Exemption Certificate, if applicable, on the quoted goods in the Financial Bid. The bidder shall also indicate the corresponding Indian Customs Tariff Number applicable for the goods.

a. For transportation of imported goods offered from abroad, relevant instructions as incorporated shall be followed.

b. For insurance of goods to be supplied, relevant instructions as provided shall be followed.

c. Unless otherwise specifically indicated in this NIT document, the terms FCA, FOB, FAS, CIF, CIP etc. for imported goods offered from abroad, shall be governed by the rules & regulations prescribed in the current edition of INCOTERMS, published by the International Chamber of Commerce, Paris.

d. The need for indication of all such price components by the bidders, as required in this clause is for the purpose of comparison of the tenders by the purchaser and will no way restrict the AIIMS, Rishikesh right to award the contract on the selected bidder on any of the terms offered.

26. **Indian Agent**: If a foreign bidder has engaged an agent in India in connection with its bid, the foreign bidder, in addition to indicating Indian agent’s commission, if any, shall also furnish the following information:

a. The complete name and address of the Indian Agent and its Permanent Account Number as allotted by the Indian Income Tax authority.

b. The details of the services to be rendered by the agent for the subject requirement.

c. Details of Service outlets in India, nearest to the AIIMS, Rishikesh to render services during Warranty and CMC period.

**Firm Price**:-

a. Unless otherwise specified in the NIT, prices quoted by the bidder shall remain firm and fixed during the currency of the contract and not subject to variation on any account.

b. However, as regards taxes and duties, if any, chargeable on the goods and payable, the conditions stipulated will apply.

27. **Conversion of tender currencies to Indian Rupees**: In case the bid document permits the bidders to quote their prices in different currencies, all such quoted prices of the responsive bidders will be converted to a single currency viz., Indian Rupees for the purpose of equitable comparison and evaluation, as per the closing exchange rates established by the Reserve Bank of India for similar transactions, as on the date of ‘Opening Date of Financial Bid’.
28. **Payment Term for Imported goods:** For imported goods payment shall be made in the following manner:

   a) On shipment: 75% payment of the contract price shall be paid 60 days after presentation of shipping documents {goods shipped shall be paid through irrevocable, non-transferable Letter of Credit (LC) opened in favour of the supplier in a bank in his country} and upon the submission of the following documents:

   i. Four copies of Supplier's invoice showing contract number, goods description, quantity, unit price and total amount;
   
   ii. Original and four copies of the clean, on-board Bill of Lading/Airway bill, marked freight prepaid and four copies of non-negotiable Bill of Lading/Airway bill.
   
   iii. Insurance Certificate;
   
   iv. Certificate of origin by the chamber of commerce of the concerned country;
   
   v. Certificate of country of origin;
   
   vi. Manufacturer’s / Supplier’s warranty certificate;
   
   vii. Manufacturer’s own factory inspection report.

   b) On Acceptance: 25% payment would be made after satisfactory installation, commissioning, demonstration and training, if required on issuance of Inspection certificate by the AIIMS, Rishikesh.

29. **Guarantee / Warrantees Period:** The Tenderers must quote for 5 years comprehensive warranty (Including all Spares, Accessories software application, if any and Labour) from the date of completion of the satisfactory installation. The warranty charges shall not be quoted separately otherwise the offer shall be summarily rejected. Also the bidders are requested to submit their quote (Rates) for subsequent 5 years Comprehensive Maintenance Contract (CMC) (Including All Spares, Accessories software application, if any and Labour). Failure to comply this condition will entail the rejection of the bids. The price comparison shall be taken into account on basic price and post warranty CMC.

30. **Custom Clearance:** For the Goods to be imported and supplied, the Institute will provide Custom Duty Exemption Certificate (CDEC) to successful bidder for availing concessional rate of duty as per prevailing Custom Tariff. In case, the bidder requires CDEC certificate, then the same should be specifically mentioned in the bid. The supplier is solely responsible for getting the material clearance from customs. Institute will provide all custom documents for custom clearance on the demand of supplier. The supplier undertakes to fully cooperate to avoid any fine, demurrage or other charges and shall indemnify AIIMS Rishikesh in case of any such failure. Transportation of goods up to AIIMS, Rishikesh and its successful installation and commissioning demonstration (and training, if required) is also the responsibility of the supplier. All charges/ expenses incurred in this process will be borne by the supplier.

   NO DEMURRAGE / WHARFAGE CHARGES WILL BE PAYABLE BY THE INSTITUTE UNDER ANY CIRCUMSTANCES. NO ADVANCE PAYMENT WILL BE PAYABLE FOR CUSTOM CLEARANCE/ FREIGHT/INSURANCE ETC

31. **Applicable Law:**

   The contract shall be governed by the laws and procedures established by Govt. of India, within the framework of applicable legislation and enactment made from time to time concerning such Commercial dealings / processing.
Tender Enquiry No. F.No.24/ Common/Group-A/142(II)/2016-RISH (ADMN)

Any disputes are subject to exclusive jurisdiction of Competent Court and Forum in Rishikesh/Dehradun, Uttarakhand India only.

Except as otherwise provided under this Contract for immediate termination of the Contract, in the event of a disputes which may be arising out of the execution of the tender contract, the matter will be referred to the Deputy Director (Administration). Appeal against the decision of the DDA will lie to the Director, AIIMS Rishikesh and his decision shall be final and binding upon both the parties.

*Note: In case of any dispute regarding award of tender, decision of AIIMS Administration would be final.*

B) PAYMENT TERMS FOR INLAND GOODS

1. (Seventy five) 75% Payment of the contract price shall be paid on receipt of goods condition and upon the submission of the following documents:-

   (i) One Original and Four Copies of supplier’s invoice showing contract number, goods description, quantity, unit price and total amount.
   (ii) Final Acceptance as per Inspection report issued by faculty.
   (iii) Two copies of packing list identifying contents of each package.
   (iv) Inspection Certificate issued by the user concerned department.
   (v) Final Acceptance Certificate issued by the Institute

2. **On Acceptance:**

   Balance Twenty Five (25)% payment would be made against ‘Final Acceptance Certificate’ as per Para (B) (1) (v) of goods to be issued by the consignees subject to recoveries, if any, either on account of non rectification of defects/deficiencies not attended by the Supplier or otherwise.

(C) OTHER TERMS & CONDITIONS OF THE TENDER

1. It is required by all concerned, namely the Bidders/Suppliers, as the case may be to observe highest standard of ethics during the procurement and execution of this Tender.

2. Rates quoted should be inclusive of all applicable taxes, packing, forwarding, postage and transportation charges at for AIIMS Rishikesh (Site of installation/Use). Rates should be mentioned both in figures and in words. The offer should be typed or written in Ink Pen/ Ball Pen without any correction. Offers in pencil will be cancelled. Telegraphic/ Telex/ Fax offers will not be considered and cancelled straightway.

3. The supplier has to submit a notarised affidavit on Indian Non Judicial Stamp Paper of Rs.10/- that he has not quoted the price higher than previously supplied to any government Institute/Organisation/reputed Private Organisation or DGS&D rate in recent past. Therefore, if at any stage it has been found that the supplier has quoted lower rates than those quoted in this tender; the Institute (the purchaser) would be given the benefit of lower rates by the Supplier and any excess payment if any, will become immediately payable to the AIIMS, Rishikesh. If such affidavit is not submitted, tender will be out rightly rejected.

4. If the price of the contracted articles is/ are controlled by the Government, in no circumstances the payment will be higher than the controlled rate.

5. Tender will be regarded as constituting an offer open to acceptance in whole or in part at the discretion of the competent authority of the institute for a period of 180 days (6 months) valid from the date of opening of the tender by the committee.
6. The time for the date of delivery/dispatch stipulated in supply order shall be deemed to be the essence of the contract and if the supplier fails to deliver or dispatch any consignment within the period prescribed for such delivery or dispatch in the supply order, liquidated damages may be deducted from the bill @ 0.5% per week subject to maximum of 10% of the value of the delayed goods or services under the contract. The competent authority of the institute may also cancel the supply at the cost & liability of the supplier. In such a case, bid security of the supplier shall stand forfeited. The supply of equipment must be in single consignment, inclusive of all parts & accessories in adherence to the specification so as to make the equipment fully functional at the time of the installation. No installation repeat shall be signed in case of absence of any part as per the specification.

7. Installation at consignee’s site should be free of cost immediately on arrival of equipment at consignee’s site.

8. In case the quality of goods supplied are not in conformity with the standard given in tender and as per the samples supplied or the supplies are found defective at any stage these goods shall immediately will be taken back by the supplier and will be replaced with the tender quality goods, without any delay. The competent authority reserves all rights to reject the goods if the same are not found in accordance with the required description / specifications and liquidates damages shall be charged in addition to the cost of re-tender. The supplier is required to provide the demonstration of equipment at AIIMS premises to the AIIMS representatives for its evaluation as per the specification & desired functionality standard. However, a submission of videography displaying functionality as per tender specification may also be considered by the AIIMS, representative.

9. In case the tenderer on whom the supply order has been placed, fails to make supplies within the delivery schedule and the purchaser has to resort risk purchase, the purchaser (AIIMS, Rishikesh) may recover from the tender the difference between the cost calculated on the basis of risk purchase price and that calculated on the basis of rates quoted by tenderer. In case of repeated failure in supplying the order goods the supply order may be cancelled and bid security deposit will be forfeited.

10. Where the specifications are as per tenderer’s range of products the tenderer’s offer should mention that the item meets all specifications as per the tender enquiry and if there are improvements/deviations the same should be brought out on separate Letter Head of the firm. It would be discretion of the competent authority of the institute to accept or reject such deviations which are not in accordance with our required specifications as given below the financial bid.

11. It must be mentioned clearly whether tenderer is a manufacturer/sole distributor / sole agent for the items for which he is quoting.
   a. **Manufacturer** must add a certificate that item(s) is manufactured by them as per range of products.
   b. **Sole Manufacturers** must add a certificate that they are the sole manufacturer of the Item for which they are quoting in this tender enquiry & item is /are their proprietary Item in India. The rate certificate is also required from the sole manufactures that the Rates quoted are the same as they quote to other State/Centre Govt./reputed Private Organisation and DGS&D rate for the similar item(s) and these are not higher than those quoted by them.
   c. **Authorized agents** must add authority letter from their Manufacturer/Principals on the letter head of the manufacturer/principals signed by a competent person and comes in proforma given in attach must duly supported by a notarised affidavit on Indian Non Judicial Stamp Paper of Rs.10/- (Rupees ten only) that they are quoting Rates on behalf of them. The authorization letter must give/mention the purpose for which it is allowed. The validity period of the authorization letter must be mentioned in the authority letter otherwise tender will be liable to rejection.
12. The Tenderers should furnished a copy of S.T. /C.S.T./VAT registration number, the State / U.T. of registration and the date of such registration. Tenders not complying with this condition will be rejected.

13. The tenderers should submit along with the tender, a photo state copy of the last two years Income Tax returns and a copy of current valid income tax clearance certificate (IT CC) otherwise tender may be ignored.

14. In case asked, tenderer must personally supply a sample/give the demonstration of the equipment to the competent authority of the institute and in that case all the expenses will be borne by the supplier.

15. The tenderer hereby guarantees that the equipment supplied to the Institute (purchaser) under this Contract shall be of the best quality and workmanship and new in all respects and shall be strictly in accordance with the specification and particulars contained/ mentioned in the Tender Document. The date of manufacturing of the equipment/goods supplied will not be more than 3 (Three months) old. The tenderer hereby further guarantees that the said equipment would continue to conform to the description and quality aforesaid for a period of twelve months, from the date of installation of the said equipment to the purchaser and notwithstanding the fact that the Purchaser (Inspector) may have inspected and /or approved the said equipment, if during the aforesaid period of 12 months the said equipment be discovered not to conform to the description and quality aforesaid or not giving satisfactory performance or have deteriorated, the decision of the Purchaser in that behalf shall be final and binding on the tenderer and the Purchaser shall be entitled to call upon the tenderer to rectify the equipment or such portion thereof as is found to be defective by the purchaser within a reasonable period or such specified period as may be allowed by the purchaser in his discretion on/an application made thereof by the tenderer and in such an event, the above mentioned warranty period shall apply to the equipment replaced from the date of replacement thereof. In case of failure of the tenderer to rectify or replace the equipment, within specified time, the purchaser shall be entitled to recover the cost with all expenses from the tenderer for such defective equipment.

16. Full description & specifications, make/brand and name of the manufacturing firm must be clearly mentioned in the tender failing which the tender will not be considered. The tenderer must also mention whether the goods are imported / indigenous. Descriptive literature /catalogues must be attached with the tender in original failing which tender may be disqualified.

17. **Force Majeure:** Any failure or omission to carryout of the provisions of this supply by the supplier shall not give rise to any claim by supplier and purchaser to one against the other, if such failure or omission arise from an act of God which shall include all acts of natural calamities from civil strikes compliance with any statistics and or requisitions of the Government lockout and Strikes, riots, embargoes or from any political or other reasons beyond the suppliers control including war (whether declared or not) civil war or state of incarceration provided that notice of the occurrence of any event by either party to the other shall be within two weeks from the date of occurrence of such an event which could be attributed to force majeure. Any delay due to Force Majeure will not be attributable to the either of the parties.

18. The Courts at Rishikesh/ Dehradun alone and no other Court will have the jurisdiction to try the matter, dispute or reference between the parties arising out of this tender/supply Order/contract.

19. The equipment installed should be up for 95% of the total warranty time. If the equipment is down for more than 5% suitable action shall be taken against the supplier including imposition of penalty as deemed fit.

20. Tenderer shall have to provide complete warranty for all equipments for 5 (five) years & CMC for 5 (five) years of these equipments. Financial bid should be quoted accordingly.
In this regard, the tenderer shall submit a notarised affidavit on Indian Non Judicial Stamp Paper of Rs.10/- that they will provide complete warranty for all equipments for 5 (five) years & CMC for 5 (five) years of these equipments.

21. Tenderer shall ensure and give an affidavit on Indian Non Judicial stamp paper of Rs.10/- along with technical bid that spare parts and consumables for these equipments/instruments will be available at reasonable rates for next 10 (ten) years.

22. The successful Bidder shall at all times agree to indemnify and keep indemnified the purchaser against all losses, damages which may arise in respect of action/inactions of such Bidder or breach of any term of this tender by such Bidder. All claims regarding indemnity shall survive the termination of the contract with such Bidder.

23. Incase the vendor fails to supply the spare parts or fails to provide the agreed maintenance during the prescribed period, as per the terms of contract, the purchaser is automatically entitled to procure the required parts and hire services from the market at the risk and cost of the vendor. The purchaser also reserves the right to terminate the contract on immediate notice, if the vendor fails to comply with this clause for more than one instance.

I / We hereby accept the terms and Conditions given in the tender

BANK GUARANTEE FORM FOR PERFORMANCE SECURITY/ CMC SECURITY

To

The Senior Administrative Officer
All India Institute of Medical Sciences
Rishikesh,
Virbhadra Marg,
Rishikesh-249201

WHEREAS _____________________________ (Name and address of the supplier) (Hereinafter called "the supplier") has undertaken, in pursuance of contract no________________________ dated _____________ to supply (description of goods and services) (herein after called "the contract"). AND WHEREAS it has been stipulated by you in the said contract that the supplier shall furnish you with a bank guarantee by a scheduled commercial bank recognised by you for the sum specified therein as security for compliance with its obligations in accordance with the contract; AND WHEREAS we have agreed to give the supplier such a irrevocable bank guarantee;

NOW THEREFORE we hereby affirm that we are guarantors and responsible to you unconditionally, on behalf of the supplier, up to a total of. ________________________ (Amount of the guarantee in words and figures), and we undertake to pay you, upon your first written demand declaring the supplier to be in default under the contract and without cavil or argument, any sum or sums within the limits of (amount of guarantee) as aforesaid, without your needing to prove or to show grounds or reasons for your demand or the sum specified therein.

We hereby waive the necessity of you to first demanding the said amount of guarantee from the supplier before raising the demand with us. You may directly raise the demand with us, without asking the supplier for the same.

We further agree that no change or addition to or other modification of the terms of the contract to be performed there under or of any of the contract documents which may be made between you and the supplier shall in any way release us from any liability under this guarantee and we hereby waive notice of any such change, addition or modification.

This guarantee will not be changed due to change in the constitution of the bank or the supplier.

This guarantee shall be valid up to 65 months from the date of satisfactory installation of the equipment i.e. up to ----------- (indicate date).

Specification for Medical Operative Loup

LOUP:
1. Magnification – 2.5x - 3.5x
2. Optics system – Compound/Galilean optics for sharp image without distortion
3. Should be possible to do quick and easy adjustment of vertical axis, declination angle and interpupillary distance
4. Should have lens protective device with antireflective coating
5. Should have full antireflective lens protection
6. Should fit easily on glass wear/ headband/ helmet
7. Should be resistant to standard disinfectant
8. Should be available for various working depths (300mm to 500 mm).
9. Should have field of view 80-110 mm
10. Soft case of high-quality with shock-proof protection should be provided
11. Lens should be ultra-thin with scratch proof coating.
12. The entire optical system should be watertight for complete immersion for disinfection.
13. Compete optical services should be provided on call within -24-48 hours.

HEADBAND/ HELMET:
1. Should be perfect fit for optics system and LED light
2. Should allow easy attachment and removal of optics system and LED light
3. Loup should be flipped up when not in use
4. Quick and easy to adjust with setting of optics system remain stable
5. Should be resistant to standard disinfectant
6. Should easy to wear over prescribed glass wear
7. Should adapt easily to user requirement by distributing the weight evenly over entire head
8. Should have interchangeable sweat sponge
9. Should have sterilizable knob
10. Soft case of high-quality with shock-proof protection should be provided
11. Should have maximum wearing comfort, easy removal and cleaning

NOTE: The users will choose magnification power & working length depending upon their actual requirement. Company needs to quote rates of all magnification and working length asked. Option should be available to choose either titanium frame/headband/helmet.

GENERAL POINTS:
1. Over current circuit breaker/ any other protection device.
2. The manufacturer should provide training for the equipment to two persons at the institute.
3. Warranty of 05 years and CMC for next 05 years.
4. The company should provide at least 4 preventive maintenance visits/year.
5. Uptime guarantee of minimum 95%. In case downtime >5%, double the time will be extended to warranty.
6. Should have US FDA and/or European CE certification.
7. On-site demonstration is essential.
8. The unit should be able to run on mains with power supply of 220/240 V, 50-60Hz.
9. ISO 9001 certified manufacturer (certificate to be submitted).
10. Electricity safety conforms to the standards for electrical safety IEC-60601/IS-13450.
11. Smooth surface/finishing allows for easy cleaning/disinfection.
12. All vital parts made of rust proof materials.
13. Should have local service facility with the necessary equipments to carry out preventive maintenance test recommended by the manufacturer as per guidelines provided in the service/maintenance manual.
14. Availability of spares for at least 10 years after date of installation.
15. Items covered under warranty/CMC, prices of consumables and accessories should be quoted separately and the prices should be frozen for the period including warranty and CMC period.
16. The unit shall be capable of being stored continuously in ambient temperature of 0-50deg C and relative humidity of 15-90%.
17. The unit shall be capable of operating in ambient temperature of 20-40 deg C and relative humidity of less than 90%.
18. User/Technical/Maintenance manuals to be supplied in English.
19. List with name and address of technical service providers in India.
21. The job description of the hospital technician and company service engineer should be clearly spelt out.
22. List of spare parts and accessories with their cat no. and costing.
23. Compliance report to be submitted in a tabulated and point-wise manner, clearly mentioning the page/para number with authenticated catalogue/manual, without which it will not be considered. Points not covered in the brochure must be specifically addressed in a separate certificate.
Pulse oximeter - Adult and Pediatric

1. Finger-tip, sturdy, compact model and is light weight, should be useful in adult, pediatric and neonatal patients.
2. Should have separate sensor of high sensitivity for pediatric use.
3. Resistant to motion artifact.
4. Able to reliably pick up signal in low perfusion states
5. Should have clinically proven track record to work during motion and very low perfusion conditions.
6. Massimo-SET signal processing technology.
7. Oxygen saturation
   a) Range 1-100 %
   b) Resolution 1%
   c) Accuracy ± 3 at 70-100% range
8. Pulse rate
   a) Waveform Plethysmographic or bar form
   b) Range 40-230 bpm
   c) Resolution 1 bpm
   d) Accuracy ± 3 bpm
9. Should be able to measure parameters reliably in patient < 1 kg of weight and for adult patients
10. Should be defibrillator proof
11. Display should be as follows:
    a) Large bright LCD display with contrast adjustability
    b) Readable from at least 3 feet
    c) Saturation
    d) Pulse Rate
    e) Status of battery charging
    f) Sensor off
12. Alarms
    a) Type of alarm Audible and visual
    b) Alarm volume Adjustable
    c) System alarms Probe failure
    d) System Failure
    e) Low Battery
13. Alarm override facility should be present
14. Accessories
    a) Charger (if batteries are rechargeable) – 01 in no.
    b) Batteries (if not rechargeable) – 01 set extra
15. Memory At least 48 hours.
16. Rechargeable internal battery, preferable.
17. Battery back-up at least 3 hours
18. Over current circuit breaker/any other protection device.
19. The manufacturer should provide training for the equipment to two persons at the institute.
20. Warranty of 05 years.
21. The company should provide at least 2 preventive maintenance visits/year.
22. Uptime guarantee of minimum 95%. In case downtime >5%, double the time will be extended to warranty.
23. Should have US FDA and/or European CE certification.
24. On-site demonstration is essential.
25. The unit should be able to run on mains with power supply of 220/240 V, 50-60Hz.
26. ISO 9001 certified manufacturer (certificate to be submitted).
27. Electricity safety conforms to the standards for electrical safety IEC-60601/IS-13450.
28. Smooth surface/finishing allows for easy cleaning/disinfection.
29. All vital parts made of rust proof materials.
30. Should have local service facility with the necessary equipments to carry out preventive maintenance test recommended by the manufacturer as per guidelines provided in the service/maintenance manual.
31. Availability of spares for at least 10 years after date of installation.
32. Items covered under warranty/CMC, prices of consumables and accessories should be quoted separately and the prices should be frozen for the period including warranty and CMC period.
33. The unit shall be capable of being stored continuously in ambient temperature of 0-50 deg C and relative humidity of 15-90%.
34. The unit shall be capable of operating in ambient temperature of 20-40 deg C and relative humidity of less than 90%.
35. User/Technical/Maintenance manuals to be supplied in English.
36. List with name and address of technical service providers in India.
38. The job description of the hospital technician and company service engineer should be clearly spelt out.
39. List of spare parts and accessories with their cat no. and costing.
40. Compliance report to be submitted in a tabulated and point-wise manner, clearly mentioning the page/para number with authenticated catalogue/manual, without which it will not be considered. Points not covered in the brochure must be specifically addressed in a separate certificate.
Ultrasonic Cleaner for Instruments

1. Should be latest model, light weight, user-friendly and easy to use.
2. Should be microprocessor controlled.
3. Should have Lengthened tank, Radiator fan, Strong transducer, wet-proof PCB.
4. Should have three separable wires, Heater, Industry IC, Circuit protector and strong plastic housing.
5. Ultrasonic frequency should be 40 + 4 KHz.
6. Ultrasonic power should be 01kw (Avg.).
7. Ultrasonic transducers PZT Sandwich type bonded the bottom of the tank.
8. Heater SS-304 strip type 01 kW thermostatically controlled
9. Tank should be made of medical grade cavitation-resistant stainless steel (SS-304; 16G).
10. Outer Cabinet MS Powder Coated.
11. Lid should be made of SS-304, 20G.
12. Basket should make of SS-304, wire mesh type.
13. Minimum Tank size should be 500mm×500mm×200mm (50 liters capacity).
15. A suitable timer (0-30min) shall be provided in the control circuit for automatic control of the equipment.
16. A float switch shall be provided to avoid any dry running of the heater and ultrasonic due to low level of liquid in the tank.
17. Degassing function and sweep mode.
19. Automatic switch-off facility for safety reasons.
20. Provision for liquid drain from the tank with SS-304 ball valve control to open and close, and positioned drain duct.
21. Instrument carrying handle made up of either plastic or other lightweight material.
22. User-friendly control panel and the panel should be placed side bottom of the tank so that no liquid can enter the electronics part.
23. Soft-touch buttons for control of heat, time, degas, ultrasonic and ON/OFF of instrument.
24. LED display of timer and temperature with SI units.
25. Knob control to set temperature in steps of 5 °C.
26. Both set and actual temperature of the liquid should be indicated by LED display.
27. The set cleaning period and the remaining cleaning time both should be indicated by LED display.
28. It should have the feature that turning knob for the pre-selection of the cleaning period can be turned to permanent operation or short-time operation.
29. All the accessories and consumables should be provided in sufficient quantity for minimum 1000 cycles.
30. Over current circuit breaker/any other protection device.
31. The manufacturer should provide training for the equipment to two persons at the institute.
32. Warranty of 05 years and CMC for next 05 years.
33. The company should provide at least 4 preventive maintenance visits/year.
34. Uptime guarantee of minimum 95%. In case downtime >5%, double the time will be extended to warranty.
35. Should have US FDA and/or European CE certification (preferably).
36. On-site demonstration is essential.
37. The unit should be able to run on mains with power supply of 220/240 V, 50-60Hz.
38. ISO 9001 certified manufacturer (certificate to be submitted).
40. Smooth surface/finishing allows for easy cleaning/disinfection.
41. All vital parts made of rust proof materials.
42. Should have local service facility with the necessary equipments to carry out preventive maintenance test recommended by the manufacturer as per guidelines provided in the service/maintenance manual.
43. Availability of spares for at least 10 years after date of installation.
44. Items covered under warranty/CMC, prices of consumables and accessories should be quoted separately and the prices should be frozen for the period including warranty and CMC period.
45. The unit shall be capable of being stored continuously in ambient temperature of 0-50 deg C and relative humidity of 15-90%.
46. The unit shall be capable of operating in ambient temperature of 20-40 deg C and relative humidity of less than 90%.
47. User/Technical/Maintenance manuals to be supplied in English.
48. List with name and address of technical service providers in India.
49. Log book with instructions for daily, weekly, monthly and quarterly maintenance checklist.
50. The job description of the hospital technician and company service engineer should be clearly spelt out.
51. List of spare parts and accessories with their cat no. and costing.
52. Compliance report to be submitted in a tabulated and point-wise manner, clearly mentioning the page/para number with authenticated catalogue/manual, without which it will not be considered. Points not covered in the brochure must be specifically addressed in a separate certificate.
PATIENT BODY WARMER

TECHNICAL SPECIFICATIONS

1. Should be suitable for Pre, intra and Post-operative applications for adult and paediatric patients.
2. Should consist of active warming arm-cum-shoulder section, pair of leg segments and abdominal segment to cover the entire body.
3. Should be based on MICROPROCESSOR controlled forced air warming technology for precise warming and reusability.
4. Control unit should be capable of warming minimum four segments at a time.
5. Control unit should have display for easy operation.
6. Control unit should have touch screen display to select & display temperature of all segments at a time.
7. Control unit should automatically detect the number of segments which are connected to the unit and display the same on the screen.
8. Should offer precise digital temperature control with selectable temperature range of 32 to 43°Cin steps of 0.1°C.
9. Arm cum shoulder segment should be divided in two sections capable of being switched ON or OFF independently depending upon the nature of surgery and condition of patient.
10. Should have facility to measure & display the real time core body temperature of the patient continuously on the screen.
11. Should also have on screen graphical display of patient body temperature for the entire duration of use.
12. Should have facility to independently adjust the temperature of individual segment.
13. Should have a provision to connect whole body adult blanket, paediatric size blanket, gel based warming mattress / pad to the same control unit.
14. Should have safety features such as Automatic check, Precise temperature control between warming system and patient, Auto stop on detecting any problem.
15. Should have non latex anti-bacterially coated, blood and fluid Resistant, washable and replaceable covers for blanket and other attachments.
16. The control unit should be light weight and small in size, easily attachable to IV rod/OT table with fixing claw.
17. Should have low energy consumption and noiseless operations.
18. Should have high efficiency (0.2 micron) filter able to last at least 500 usage hours.
20. Should have an auxiliary port as fluid warmer.
21. It should have battery life of at least four hours.

23. Accessories required; compatible with c-arm, defibrillator, & Electrosurgical unit
   ▶ All the sections for adult, paediatric and infant patients – 10 each.
   ▶ Adult, paediatric and infant full body blankets – 10 each
   ▶ Adult, paediatric and infant under body blanket – 10 each
   ▶ Gel based warming mattress /pad for adult, paediatric and infant patients – 10 each
➢ Hoses – sufficient quantity for 10 usage
➢ Hose & Sheet clips - sufficient quantity for 10 usage
➢ Reusable Temperature testing kit – 1 in no.

24. Over temperature safety cut should be available.
25. Over current circuit breaker/any other protection device.
26. The manufacturer should provide training for the equipment to two persons at the institute.
27. Warranty of 05 years and CMC for next 05 years.
28. The company should provide at least 4 preventive maintenance visits/year.
29. Uptime guarantee of minimum 95%. In case downtime >5%, double the time will be extended to warranty.
30. Should have US FDA and/or European CE certification.
31. On-site demonstration is essential.
32. The unit should be able to run on mains with power supply of 220/240 V, 50-60Hz.
33. ISO 9001 certified manufacturer (certificate to be submitted).
34. Electricity safety conforms to the standards for electrical safety IEC-60601/IS-13450.
35. Smooth surface/finishing allows for easy cleaning/disinfection.
36. All vital parts made of rust proof materials.
37. Should have local service facility with the necessary equipments to carry out preventive maintenance test recommended by the manufacturer as per guidelines provided in the service/maintenance manual.
38. Availability of spares for at least 10 years after date of installation.
39. Items covered under warranty/CMC, prices of consumables and accessories should be quoted separately and the prices should be frozen for the period including warranty and CMC period.
40. The unit shall be capable of being stored continuously in ambient temperature of 0-50deg C and relative humidity of 15-90%.
41. The unit shall be capable of operating in ambient temperature of 20-40 deg C and relative humidity of less than 90%.
42. User/Technical/Maintenance manuals to be supplied in English.
43. List with name and address of technical service providers in India.
44. Log book with instructions for daily, weekly, monthly and quarterly maintenance checklist.
45. The job description of the hospital technician and company service engineer should be clearly spelt out.
46. List of spare parts and accessories with their cat no. and costing.
47. Compliance report to be submitted in a tabulated and point-wise manner, clearly mentioning the page/para number with authenticated catalogue/manual, without which it will not be considered. Points not covered in the brochure must be specifically addressed in a separate certificate.
Ultrasonic Nebulizer

1. Should work on Ultrasonic energy technique.
2. Should have sanitary structure.
3. Should have pneumatic electrostatic filter.
4. Should be latest model, light weight, noiseless & heavy duty.
5. Should have a check valve to protect the device against contamination due to backward inhalation.
6. Should have mist particle size of approx. 1-5 microns.
7. Should have timer mode and continuous mode.
8. Should have large LCD display for various function.
9. All accessories should be reusable & sterilizable.
10. Should have Nebulizer rate: 4-6 ml/min
11. Should have Max. Pressure: ≥2.5 bar/16 psi
12. Should have airflow rate 8-10 lit/min.
13. Should have atomizer capacity 5ml.
14. Should have noise level 55db at 1 meter distance.
15. Accessories:
   a. Mouth piece with tubing Adult/Paediatric- 10 each in nos.
   b. Nose piece with tubing Adult/Paediatric- 10 each in nos.
   c. ‘T’ piece- 10 in nos.
   d. Spare air filters- 10 in nos.

16. Controls (e.g switches, knobs) should be visible and clearly identified.
17. Over current circuit breaker/any other protection device.
18. The manufacturer should provide training for the equipment to two persons at the institute.
19. Warranty of 05 years and CMC for next 05 years.
20. The company should provide at least 2 preventive maintenance visits/year.
21. Uptime guarantee of minimum 95%. In case downtime >5%, double the time will be extended to warranty.
22. Should have US FDA and/or European CE certification, preferably.
23. On-site demonstration is essential.
24. The unit should be able to run on mains with power supply of 220/240 V, 50-60Hz.
25. ISO 9001 certified manufacturer (certificate to be submitted).
27. Smooth surface/finishing allows for easy cleaning/disinfection.
28. All vital parts made of rust proof materials.
29. Should have local service facility with the necessary equipments to carry out preventive maintenance test recommended by the manufacturer as per guidelines provided in the service/maintenance manual.
30. Availability of spares for at least 10 years after date of installation.
31. Items covered under warranty/CMC, prices of consumables and accessories should be quoted separately and the prices should be frozen for the period including warranty and CMC period.
32. The unit shall be capable of being stored continuously in ambient temperature of 0-50\degree C and relative humidity of 15-90%.

33. The unit shall be capable of operating in ambient temperature of 20-40 \degree C and relative humidity of less than 90%.

34. User/Technical/Maintenance manuals to be supplied in English.

35. List with name and address of technical service providers in India.

37. The job description of the hospital technician and company service engineer should be clearly spelt out.

38. List of spare parts and accessories with their cat no. and costing.

39. Compliance report to be submitted in a tabulated and point-wise manner, clearly mentioning the page/para number with authenticated catalogue/manual, without which it will not be considered. Points not covered in the brochure must be specifically addressed in a separate certificate.
Reusable Monopolar Pencil

1. Monopolar reusable pencil with Push Button/Power Point switch.
2. Length should be approx. 6 inches
3. Silicone power cord of at least 4 meters
4. Should be autoclavable
5. Should have life of at least 100 surgeries
6. Should accepts all standard shaft electrodes
7. Connector should be compatible with all standards electrosurgical units
8. Accessories to be supplied with each pencil;
   I. Electrodes tip cleaner with radiopaque material — 10 nos.
   II. Reusable safety Holster — 02 nos.
   III. Electrodes (REUSABLE, SS);
      a. Blade electrode; size-3" and 6” — 05 each
      b. Ball electrode; size- 3” and 6” — 05 each
      c. Straight needle electrode; size- 3” — 05 nos.
      d. Insulated straight needle electrode; size- 3”and 6” — 05 each
      e. Insulated curved needle electrode; size- 3” and 6” — 05 each
      f. Tungsten wire loop electrode (dia. >2 cms); size- 3” and 6” — 05 each
      g. Electrode container with holder — 05 nos
9. Should be US FDA and/or European CE certified.
10. On-site demonstration is essential.
LED HEAD LIGHT SYSTEM

1. Powerful LED light source for high detail recognition
2. Should have integrated temperature control
3. Should have intensity control
4. Should be easily attached to medical Loup/helmet/glass wear
5. Should have cable clip to connect the lamp cable to the carrier
6. Soft case of high-quality and shock-proof protection should be provided
7. Light intensity 200,000 Lux or more (at distance of 300 mm)
8. Typical colour temperature should resembles daylight (approx. 3500-5000 Kelvin)
9. Weight of head light including batteries should approx. 300 grams.
10. Two medical grade lithium-ion smart rechargeable batteries for fast charging should be provided
11. Battery charger should be processor controlled with country-specific power adaptor
12. Each battery run time should be around 5 hours at 100% light intensity
13. Battery charge time should be maximum 2 hours
14. Each battery should have charge level indicator.
15. LED bulb power should be 1 w
16. LED bulb life should be >100,000 hours
17. Power cable should be flexible for maximum mobility
18. Should give bright illumination of entire field of view
19. Contact guard should be sterilizable
20. Over current circuit breaker/any other protection device.
21. The manufacturer should provide training for the equipment to two persons at the institute.
22. Warranty of 05 years and CMC for next 05 years.
23. The company should provide at least 4 preventive maintenance visits/year.
24. Uptime guarantee of minimum 95%. In case downtime >5%, double the time will be extended to warranty.
25. Should have US FDA and/or European CE certification.
26. On-site demonstration is essential.
27. The unit should be able to run on mains with power supply of 220/240 V, 50-60Hz.
28. ISO 9001 certified manufacturer (certificate to be submitted).
29. Electricity safety conforms to the standards for electrical safety IEC-60601/IS-13450.
30. Smooth surface/finishing allows for easy cleaning/disinfection.
31. All vital parts made of rust proof materials.
32. Should have local service facility with the necessary equipments to carry out preventive maintenance test recommended by the manufacturer as per guidelines provided in the service/maintenance manual.
33. Availability of spares for at least 10 years after date of installation.
34. Items covered under warranty/CMC, prices of consumables and accessories should be quoted separately and the prices should be frozen for the period including warranty and CMC period.
35. The unit shall be capable of being stored continuously in ambient temperature of 0-50deg C and relative humidity of 15-90%.

36. The unit shall be capable of operating in ambient temperature of 20-40 deg C and relative humidity of less than 90%.

37. User/Technical/Maintenance manuals to be supplied in English.

38. List with name and address of technical service providers in India.

40. The job description of the hospital technician and company service engineer should be clearly spelt out.

41. List of spare parts and accessories with their cat no. and costing.

42. Compliance report to be submitted in a tabulated and point-wise manner, clearly mentioning the page/para number with authenticated catalogue/manual, without which it will not be considered. Points not covered in the brochure must be specifically addressed in a separate certificate.
Instruments Boiler

1. Should be latest model, light weight, user-friendly and easy to operate.
2. Should have modular design.
3. Should be fully automatic MICROPROCESSOR based.
4. Should have Rectangular chamber with well insulated jacket.
5. Chamber Volume: minimum 25 litres or more.
6. Should have at least 25mm thick insulation materials on jacket.
7. Should be high grade Stainless steel construction inside and outside including all internal piping and external panels.
8. Chamber, Jacket & lid Material and all steam pipes should be of Stainless steel 316 Titanium (Ti) /316L Grade.
9. Should have a built in touch screen type User’s interface cum Display for control & display of sterilization cycles, parameters values, and clear text messages and alarm history preview etc.
10. Should have audio visual alarms in case of undesired situation. All alarms should be with full explanatory Text messages on the display.
11. Should have programmable Operators access level.
12. Should have at least 5 standard programme cycles & at least 3 test / service programme cycles.
13. Should have temperature adjustable from 121 Deg to 134 Deg C.
14. Should have complete monitoring of cycle operation and provided with at least two temperature sensors.
15. The unit should be equipped with multiple safety mechanisms for Emergency Stop over. Pressure safety valves for chamber and jacket, over temp safety, steam traps and electrical safety.
16. Should have maintenance menu for quick trouble shooting by touch screen display interface. All service access should be preferably from the front for space saving.
17. Should be offered with IN BUILT ELECTRIC HEATER (1kw) made of Stainless Steel 316L /316TI grade.
18. Should have water level indicator.
19. Should have built in feature of Water Saving System for water conservation.
20. Should have SMART VALVES to allow excess water and to be drained away to enhance sterilization performance.
21. Should have over-heating cut-off device.
22. Should be supplied with high quality stainless steel sterilization baskets: 02 nos.
23. Should be European CE certified and/or US FDA approved (preferably).
24. Warranty for 5 years.
25. The firm should also provide a complete price list of all the spare parts and consumables and should be frozen for entire duration of warranty.
27. The manufacturer should provide training for the equipment to two persons at the Institute.
28. The unit should be able to run on mains with power supply of 220/240 V, 50-60Hz.
29. The company should provide at least 4 preventive maintenance visits/year.
30. Uptime guarantee of minimum 95%. In case downtime >5%, double the time will be extended to warranty.

31. On-site demonstration is essential.

32. ISO 9001 certified manufacturer (certificate to be submitted).

33. Electricity safety conforms to the standards for electrical safety IEC-60601/IS-13450.

34. Smooth surface/finishing allows for easy cleaning/disinfection.

35. All vital parts made of rust proof materials.

36. Should have local service facility with the necessary equipments to carry out preventive maintenance test recommended by the manufacturer as per guidelines provided in the service/maintenance manual.

37. Items covered under warranty, prices of consumables and accessories should be quoted separately and the prices should be frozen for the period including warranty period.

38. The unit shall be capable of being stored continuously in ambient temperature of 0-50 deg C and relative humidity of 15-90%.

39. The unit shall be capable of operating in ambient temperature of 20-40 deg C and relative humidity of less than 90%.

40. User/Technical/Maintenance manuals to be supplied in English.

41. List with name and address of technical service providers in India.

42. Log book with instructions for daily, weekly, monthly and quarterly maintenance checklist.

43. The job description of the hospital technician and company service engineer should be clearly spelt out.

44. List of spare parts and accessories with their cat. no. and costing.

45. Compliance report to be submitted in a tabulated and point-wise manner, clearly mentioning the page/para number with authenticated catalogue/manual, without which it will not be considered. Points not covered in the brochure must be specifically addressed in a separate certificate.
1. Should be a hand meter.
2. Blood should not go into the Glucometer while measurement.
3. Should be able to measure whole blood in capillary mode.
4. Should require no routine maintenance.
5. Accuracy: Should be as per International Standard ISO 15197- Requirements for blood-glucose.
6. Measuring principle should be based on electrochemical technology.
7. Should have a Weight of around 55-65 g with battery
8. Should have a large LCD display with symbols.
9. Should have a Beep tone.
10. Should be functional with a Battery which should last approx 1500 measurements.
11. Battery should be replaceable without using any tool and spare set.
12. Should have Auto power off function
13. Should have measuring unit mg/dl.
14. Should use a blood volume: 0.5-1.0 µL.
15. The Measuring range should range from 10 mg/dL - 600 mg/dL.
16. Reproducibility/Precision: +/- 5%
17. Measuring time maximum of 5 seconds.
18. Memory capacity: Up to 500 total results, plus 20 control tests.
19. Should be capable of testing Capillary, venous, arterial and neonate blood sample.
20. Should have easy code entry technique.
21. Control solution for auto-test should be supplied free of cost on “as and when” required basis.

Glucometer Strips:
1. Should have easy to handle strips with large dosing area.
2. Shelf life of strips: Minimum 12 months at the time of delivery to consignee.
3. Packing of strips: not more than 50 strips in a pack.
4. Strips should work for min. 4 months after opening of strips pack.

Other Points:
1. Should have US FDA &/or European CE certification.
2. Ready availability of reagent test strips, battery & other consumables in local market for at least 5years.
3. Should have 5 years of on-site replacement warranty.
4. Prices of consumable and accessories should be quoted separately and prices should be frozen for a period of 05 years.
5. Should be supplied with the following:
   a. Glucometer-1nos
   b. Standard batteries -10 nos. (Standard battery with One year warranty)
   c. Carrying case-1 no.
   d. Instruction manual.
   e. Warranty Card
   f. Control solution or control strip – quantity as approx. For 500 tests
   g. 1000 Glucometer Strip.
