Dear Sir:

Bondtech Corporation has been fabricating Bondtech Treatment Technology (BTT) systems since the mid 1980's. Over the last 30 years, Bondtech has invested in the BTT system to continuously improve the medical waste treatment process resulting in a state-of-art/environmentally sound process.

The BTT units have proprietary designed subsystems that include the BTT-steam vacuum (no water) that sterilizes vacuum air, BTT-high eff. Steam condenser and BTT-EnSight software monitoring/data storage system.

Bondtech Corporate currently has a proprietary high temperature and high vacuum medical waste treatment process. Additionally, Bondtech's subsystems have several technical patents for the steam generation and shredding systems of which are listed below:

Steam Generator System: Patent 2,627,015

Shredder System:

-Preload-clampnut Patent 5,360,283
-Hopper Ram for Shredder Patent 4,844,363
-Overload Protection Patent 4,609,155

Hodge Quick Opening Doors Proprietary design - Hodge Quick Opening Doors
Breach Lock Type Doors exceeds Pressure
Vessel Safety Requirements.
Hodge is owned by Bondtech Corporation
